INFORMATIONAL MEMORANDUM FOR THE SECRETARY

DATE: June 14, 2017 **TIME:** All Day

FROM: Maureen Foster

SUBJECT: Katahdin Woods and Waters National Monument

I. STATEMENT OF PURPOSE

The Secretary will receive a tour of the National Monument via car and canoe from Superintendent Tim Hudson, and Lucas St. Clair from the Elliotsville Plantation, Inc. The tour will include the Secretary's party and a press van organized by the Department of the Interior. Following the tour, the group, minus the press, will overnight in cabins or tents at the Lunksoos Camp inside of the National Monument. The Secretary will hold a breakfast meeting in the Millinocket area the next morning (15 June) which the NPS staff can attend. The Secretary leaves the Katahdin Woods and Waters area after the breakfast meeting for other meetings concerning the monument in other parts of Maine.

II. BACKGROUND

Katahdin Woods and Waters National Monument (KAWW) was created by Presidential Proclamation 9476 on August 24, 2016. The boundary encompasses 87,500 acres located in the unincorporated territory of Penobscot County in the state of Maine. The monument is subject to review under Executive Order 13792 calling on the U.S. Department of the Interior to conduct a review of certain National Monuments designated or expanded since 1996 under the Antiquities Act of 1906. The Secretary requested to see the monument itself on the 14th and 15th of June.

III. DISCUSSION

- In the interest of time, the tour will focus on the southern section of the monument and emphasize the core visitor experience during the summer visitor season.
- The group will travel the main route leading to the principal public access along Swift Brook Road to access the 17-mile scenic loop road with multiple stops for brief walks and scenic views.
- A guided paddle down the Seboeis River and into the East Branch of the Penobscot River to Lunksoos Camp is planned (approximately 2.5 hours).
- Lunksoos Camp is where the group will stay for the night. A cook-out is planned with invited guests from the local community and three Congressional staffers (Collins, King, Poliquin). The staffers are not on the tour or canoe trip.
- Park managers will be available to answer questions on park resources, visitor amenities and use, management planning, and key park issues.

United States Department of the Interior

Washington, D.C. 20240

INFORMATIONAL MEMORANDUM FOR THE SECRETARY

IV. NEXT STEPS

- Park management will continue to prepare for the upcoming visitor season (e.g. staffing, volunteers)
- Park management will continue with park planning, research, and community outreach efforts.
- The recommendations concerning the Executive Order Review are scheduled to be released in August.

INFORMATIONAL MEMORANDUM FOR THE SECRETARY

DATE: June 15, 2017 **TIME:** 11:00am - 12:00pm

FROM: Jim Cason, Acting Deputy Secretary

SUBJECT: Penobscot Nation Meeting

I. STATEMENT OF PURPOSE

YOU are meeting with the Penobscot Nation in Maine to discuss the role of the Department as the Tribe's trustee, as well as an overview of tribal programs funded by the Department. YOU will meet with Chief Kirk Francis, members of the tribal council, and employees of the Nation.

II. BACKGROUND

The Penobscot Nation is located in Central and Eastern Maine, occupying around 200 islands within the Penobscot River. The community's main reservation is located on Indian Island just North of Old Town, Maine. As of 2010 there were 2,367 members of the Penobscot Nation with 450 of those living on the reservation and 1,399 living in Maine. Rivers and waterways are extremely important to the Penobscot Nation with fishing and birch bark canoes serving as important staples of Penobscot culture.

The Penobscot Nation Judicial System was established in 1979 and comprises of a trial court, the Tribal Court, and an appellate court. The Penobscot Nation also has a police force and conservation law enforcement. These departments enforce all Tribal, Federal, and State laws on tribal lands. In FY 17 the Department provided approximately \$470,000 for the Nation's tribal law enforcement and \$163,000 for their tribal court.

III. DISCUSSION

The Maine Indians Claims Settlement Act (MICSA) was passed in 1980 and settled Penobscot's (and other Maine tribe's) land claims against the United States. MICSA limits the rights of tribes in Maine by granting state jurisdiction over the tribes, their lands and natural resources including civil and criminal jurisdiction. The Nation also has jurisdiction over tribal members.

Water Quality Standards Litigation

In January of 2015, the Departments responded to EPA's request for Interior's views regarding the relationship between tribal fishing rights and water quality; finding that tribal fishing rights include the right to sufficient water quality to effectuate the fishing right. The State of Maine is currently in litigation with the EPA over a promulgated rule that sets water quality standards (WQS) for the State. Originally, the State submitted proposals to the EPA to implement WQS. Those state standards were rejected by EPA for, among other reasons, not having high enough

United States Department of the Interior

Washington, D.C. 20240

INFORMATIONAL MEMORANDUM FOR THE SECRETARY

standards that protected the Nation's sustenance fishing rights. The EPA then promulgated a rule that set federal standards for the State. After the State filed suit against the United States, the Nation intervened in the litigation. The Nation is concerned that the EPA will grant the State's request to withdraw the rule setting federal standards, thus negatively impacting their sustenance fishing rights.

INFORMATIONAL MEMORANDUM FOR THE SECRETARY

DATE: June 15, 2017 **TIME:** 2:00am - 3:00pm

FROM: Tim Williams, Deputy Director for External Relations

SUBJECT: Roundtable with Maine Woods Coalition

I. STATEMENT OF PURPOSE

Round Table - Main Woods Coalition as requested the opportunity to share with you their opinion on the Katahdin Woods and Waters Monument

II. BACKGROUND

Former President Obama designated Katahdin Woods and Waters National Monument in Northern Main shortly before he left office. President Trump's Executive Order for the Review of Designations under the Antiquities Act called for a review of monuments over 100,000 acres or where designated "without adequate public outreach and coordination with relevant stakeholders". Katahdin Woods is 87,563 and as such the Governor has asked the Secretary to review the monument.

III. DISCUSSION

Main Woods Coalition represents 227 Maine businesses.

Our opposition to a national park or monument in Maine's north woods has been ongoing since 2000 when RESTORE.org announced their plan for a 3.2 million acre park in northern Maine. This has been a long battle and now our grassroots organization has been outmaneuvered by great wealth and connections in Washington. We want to take this opportunity to ask for review of what this monument is and how it came to be.

We believe this monument designation should be overturned because it clearly fails to meet the letter and the intent of the Antiquities Act.

- The properties that comprise the Katahdin Woods and Waters National Monument (KWWNM) are not of special historic, scientific, or scenic value. The president's proclamation establishing the Monument dwells at some length on the geological history of the region, the Indians who once inhabited it, and the region's common flora and fauna. If these are justification for a National Monument, then much of our country qualifies. In fact, the word "unique" appears only one time in the entire proclamation and that is to assert that the monument land "*provides a unique and important opportunity for scientific investigation of the effects of climate change across ecotones.*" That is surely inadequate scientific justification for a national monument designation.

United States Department of the Interior

Washington, D.C. 20240

INFORMATIONAL MEMORANDUM FOR THE SECRETARY

- These properties are not endangered. Ironically, the greatest threat to such values as they do possess, would come from a futile attempt to make them into a popular monument or park. It is wishful thinking to believe that monument designation will significantly benefit the local economy. In fact, it is already a detriment to logging operations on private roads which have been taken over by the NPS for access to the monument lands.

- The wording of the Antiquities Act does not admit a collection of (thirteen) scattered parcels such as comprise this monument and the proclamation makes no distinction as to special characteristics of each parcel. Inasmuch as the Act requires that a national monument be defined by the smallest possible footprint, if these parcels qualified (which they do not), it would seem a national monument would have to be limited to the smallest of them. In-holders whose timber land lies between these parcels of the monument face the threat of condemnation and eminent domain as the monument expands in size, as most have done.

In addition, these monument lands have no direct access and the NPS is using the deeded right of ways for each parcel, using privately owned roads and turning them into public ways in order to gain access for visitors. This traffic is causing problems for logging operations already and can only get worse.

There were three referendum votes in local towns (Patten, Medway, and East Millinocket) with results showing overwhelming opposition to a park or monument. The town of Millinocket passed a resolution opposing a park/monument. The Maine Legislature passed a resolve opposing a park or monument, and the Governor (s) have also been opposed. Attached is a list of 225 local businesses totaling 5,000+ employees opposing the park/monument, and in addition to the Maine Woods Coalition, other organizations including the Sportsman's Alliance of Maine, the Maine Snowmobile Association, and the Fin & Feathers Club of Millinocket all oppose it.

Chief Kirk Francis Penobscot Indian Nation

Chief Francis was born and raised at Indian Island, Maine, the home of the Penobscot Nation. He has deep cultural ties to the people, the land, and the river. He is an avid outdoorsman practicing the traditions of hunting and fishing for which his family is well known.

Chief Francis has been the elected Chief at Penobscot Indian Nation for over 9 years and was reelected to his fourth term in 2014. Before becoming Chief he served in many leadership roles within the Penobscot Nation including chairing various committees and serving three terms as a member of the Tribal Council. He was first elected to the Council at 21 years old and when elected Chief he was the second youngest to be elected to this position in the modern era. He now owns the distinction of being the longest serving Chief at Penobscot since the electoral system began in 1850. Chief Francis has focused heavily on Penobscot's economy including helping to lead an effort to secure federal contracting opportunities for the Nation through the creation of Penobscot's 8(a) company. He has also been instrumental in the creation of Penobscot Indian Nation Enterprises (PINE) a Section 17 corporation that now has nine subsidiaries representing multiple economic markets. Chief Francis has become knowledgeable and effective in handling the myriad of issues facing tribal governments today.

Chief Francis graduated from Old Town High School in 1987, and attended the Bridgeton Academy and the University of Southern Maine where he majored in Business Administration.

Beyond his local service, Chief Francis also serves as a national leader on many issues facing Native Americans. He currently is Treasurer of the United South and Eastern Tribes (USET) an organization comprised of 26 tribal nations. Chief Francis also chairs the Natural Resource Committee for the National Congress of American Indians (NCAI) that serves as the organizations largest committee representing tribes from across America.

Prior to being elected as Chief, Mr. Francis' work experience centered on the gaming industry, including operating his own gaming bussing company, conducting promotional marketing for the Penobscot Nation's High Stakes Bingo, and being a floor manager at the Mohegan Sun Resort and Foxwood Resorts Casino in Connecticut.
